Would you like to:

Prepare for a career with an international company?

Gain international experience before graduate school?

Develop German language skills?

Explore German culture and history?

Then you might consider...

STUDY ABROAD: SIU AND ISEP

(INTERNATIONAL STUDENT EXCHANGE PROGRAM)

SIU CARBONDALE & ISEP EXCHANGES:

| Germany | Austria |
|---------------------------------------|------------------------|
| ■ Technische Universität Braunschweig | ■ Universität Linz |
| ■ Universität Dortmund | ■ Universität Graz |
| ■ Universität Eichstätt | ■ Universität Salzburg |
| ■ Universität Giessen | |
| ■ Gesamthochschul Kassel Universität | |
| ■ Universität Marburg | |
| ■ Universität Trier | |

As an ISEP participant in Germany or Austria, you can immerse yourself in local university life and activities, earn credits towards your degree at home, perfect your language skills, and meet German students and students from other countries.

The cost of your exchange is based on the cost of tuition, room and board at your home institution. Exchanges are possible for a full academic year or a semester.

SIUC financial aid can be applied to study abroad and to credited internships.

Your host university will:

- Enroll you as a full-time student
- Provide housing (usually in a student residence hall)
- Provide a stipend for meals
- Provide on-site support

ISEP exchanges in Austria or Germany are **open to students with advanced and intermediate language skills**. Students opting for a full-year exchange program can take intensive language classes in the fall and regular classes with German students during the spring semester. (A beginner's course is offered by University of Giessen.)

SIU exchanges can also be arranged with the University of Mainz (at Gernersheim) and with the University of Zürich. Non-majors can take courses in German and English through a cooperative program with Salzburg College in Salzburg, Austria.
