College Calendars

It's a new semester and we have news about new faculty, new students, new projects and new initiatives for CoLA. With the help of Mandy Hine and the rest of the team here in the college, we're rebooting this newsletter in order to convey all of the information it used to, and more, but in a new format. Instead of weekly, we're going to try and publish once every 3 weeks (or about 5 times in a semester). Important deadlines and documents will still come to you in the usual way (through the appropriate offices), but less often through this newsletter.

So please let us know about all things related to the college. We're eager to publish any news about each other's successes, opportunities, community involvement, and/or innovations—whether from students, faculty, and/or staff. And we need photos and/or links for more information whenever possible—lots of photos, please.

So submit your news to the CoLA Lowdown on a rolling basis. We're looking forward to reading about and sharing all the amazing things going on in the college.

Joseph will receive the award at IATE's fall conference in October at Millikin University in Decatur. Joseph also recently won the 2022 Poetry by the Sea book contest for her 2021 work, "Lexicon."
