LING201

LANGUAGE DIVERSITY IN THE USA

- Do you speak "American" and what does that even mean?
- Why does your friend from New York sound different than your friend from Chicago?
- How have many different languages shaped the linguistic landscape of the USA?
- How do factors like age, region, & ethnicity affect language use?
- What impact do attitudes about language have on education, the legal system, the medical system, and across wider US society?
