# ANTH410R

# ANTHROPOLOGY OF SCIENCE AND TECHNOLOGY

**SIGN UP FOR FALL 2025**

In this course, you'll learn the steps of working with anthropological data digitally, as well as working with digital data in anthropology (two distinct things).

You'll learn about many of the tools and skills anthropologists use to collect, manipulate, analyze, and present information, and gain introductory experience with these tools.

**TOPIC HIGHLIGHTS**

- Managing Your Findings
- Common Tools of Digital Anthropology
- Creating Compelling Anthropology

**NO PREREQUISITE REQUIRED**

**DR CHRIS STANTIS**
