

LING 410/ PHIL 410

Philosophy of Language

Explore the

Foundations of

Meaning: Dive into the nature of language, how we communicate, and what it means to "understand" words and sentences.

Engage with Big

Questions: Tackle fundamental questions like "What is meaning?", "How do words refer to the world?", and "Can language shape thought?"

Learn from the Greats: Study influential philosophers like Plato, Russell, Frege, and Chomsky. Discover their groundbreaking ideas about language.

No Prior Knowledge Required

Summer 2025. Online. Asynchronous. Available for undergraduate and graduate credit. Led by Dr. Jeffrey Punske.
