Tell us about your interest in archaeology, in an essay of 1-2 pages (use an additional sheet if necessary). What led to your interest in archaeology? Are you interested in a particular time period or region? Do you have field or lab experience in archaeology, or do you have plans to gain such experience? Would the award make it possible for you to do something not otherwise possible, such as take the field school?

A large, empty rectangular box with a thin black border, intended for the student to write their essay response to the questions above.
