Places we may go

Places visited in past years:

Galleries and museums visited:
National Gallery of Scotland, Scottish Portrait Gallery, Scottish National Galleries of Modern Art, Royal Scottish Academy, Dundee Contemporary Arts Centre.
2016 will mark the 24th year that SIU has organized an interdisciplinary program in Scotland. We will depart for Edinburgh or Glasgow on May 19 and return to St. Louis or your preferred airport on June 7. Travel arrangements can be made on an individual basis, depending on your requirements for travel.

The program fee includes: lodging, meals in Scotland and all ground travel with SIU faculty driver/guides. There will be at least one extended, multi-day/night excursion to the Orkney Islands via an ocean ferry. The fee for the 2016 program is $3400 + airfare. (Airfare typically falls between $1000-1200.)

Located just outside of Edzell approximately 20 minutes from the North Sea, The Burn is a historic estate of nearly 200 acres that is located at the beginning of the Highlands, near the legendary Scottish Glens. Beginning with a Georgian mansion in 1791, the estate has grown into a contemporary setting for academic groups. A stunning riverside walk follows the North Esk River and crosses the Boundary Highland Fault Line.
