We in the SIUC Paralegal Studies program believe that a quality education includes participation in a variety of activities and educational opportunities made available to students outside of the classroom environment. We also make every effort to remain cutting edge to our current students in providing instruction on practices and technology found within the modern law office.

Our instructors engage in regular continuing legal education and, when possible, attend peer conferences. Finding and creating recruitment opportunities is high on our priority list as well.

Your contributions help to fund these types of things after funding our Camille Hickman Scholarship as well as providing funding toward two additional scholarships and our Organization of Paralegal Students. **Direct donations to Paralegal Studies can be made by clicking here.**

As you are aware, the costs exponentially outpace available funds, and Paralegal Studies is grateful for your ongoing support of our Paralegal Studies program.

Thank you.

Best Regards,

Daniel A. Silver, J.D.
